

# Venue Call out

MAYOR OF LONDON

# What is CirKT?

CirKT is seeking to partner with a wide range of venues and community spaces across the borough to showcase a dynamic, cross – genre mix of new talent and established acts. This opportunity is to open to a wide range of spaces - including but not limited to pubs, community spaces/halls, churches, clubs, local businesses.

To be a part of CirKT you do not need to be an existing music venue, nor already be presenting live music or have a license to present live music. We want to help join up all kinds of local community spaces, businesses and venues, with music talent and promoters able to perform with room for instruments and/or PA & Sound System/ associated technical equipment & cabling. However, there may be opportunity for acoustic performances that will not require technical equipment.

## **How will it work?**

Venues and community spaces will be matched with live music talent with CirKT providing free of charge to all selected venues, the management, marketing and technical support you may need, plus any equipment required to present live music in your venue.

# How to apply:

Please complete  
a short application
